FIVE CENTS THE COPY

LODGE RULES BIG CONVENTION

MASSACHUSETTS STANDPATTER IS PERMANENT CHAIRMAN—CREDENTIALS COMMITTEE WORKS ALL NIGHT ON ROLL.

By the Associated Press

CHICAGO, June 9.—Working all night at forced draft speed the credentials committee completed a permanent roll of the republican national convention at 4:30 o'clock this morning. Previous rulings on contests by the national committee were sustained in all but three cases.

In disposing of 103 appeals from the decisions made last week by the national committee, two delegates were taken from Governor Lowden, one in Georgia and one in Tennessee and given to General Wood, but in the fifth Missouri (Kansas City) district, where the national committee refused to seat anyone, the credentials committee seated two Lowden men, leaving the standing of the two candidates unchanged.

The permanent roll will be ready for presentation to the convention when it meets at 11:00 this morning.

There is a possibility of further battle on contested seats when the report of the credentials committee is laid before the convention, in some cases, including the Tennessee cases. Efforts to overrule the committee by a vote of the convention were planned.

CHICAGO, June 9.—While committees continued to grind away at organization preliminaries, the republican national convention went through the motion of a second day session.

It is reported a second keynote speech has been avoided by the selection of Senator Lodge as permanent chairman, thus following the plans of 1912 and 1916 of making the temporary organization permanent.

Today's business consisted of hearing a report of the progress of the committee framing a platform and a report from the credential committee, which makes up the permanent roll.

Ideal convention weather continued today. A cool, crisp breeze blew off Lake Michigan and the sun was shining.

CHICAGO, June 9.—Delegates to the republican national convention assembled at the coliseum today for the second session, with their views as to who shall lead the party at the polls next November, still a mystery even to themselves. Working with unprecedented freedom from centralized leadership, or boss control, the delegates promptly submitted a program designed to make permanent the temporary organization.

General Wood's lieutenants drew much comfort out of the development yesterday, by placing Senator Watson of Indiana at the head of the platform's building machinery and making Edward Duffield of New Jersey the chairman of the credentials committee.

Little business confronted the delegates when they assembled for the day. Matters in order were reports of the resolutions committee and shaping up a platform for ratification and that of the credentials committee, on the permanent roll of the convention.

Deliberation of the resolution sub-committee as to the treaty plank were watched with particular interest. There has been an undercurrent of feeling that if it did not satisfy the Johnson-Borah demand of the League of Nations covenant, in its entirety, the two senators might carry the fight to the floor of the convention itself.

COLISEUM, CHICAGO, June 9.—The next session will be at 11:00 o'clock tomorrow morning.

The rank and file of the convention visitors always like a lot of music and oratory and this year they are certain to get it Saturday noon at the earliest, is the estimate of leaders, when asked when adjournment may come. The delay is more attributed to platform difficulties than to a certainty over nomination. The word has gone out to give the radicals every chance to present their views and stop any excuse of steam rolling.

CHICAGO, June 9.—Without saying so in expressed terms, he said, "this is to take care of our reinforcement to the republican party—the ladies. The understanding is that the additional places all will go to the women. The convention immediately adopted the report. Chairman Lodge announced he would enforce the rule limiting speakers to five minutes on any one subject on the same day, unless the convention ordered otherwise.

The resolutions committee sent word they could only report progress and was not ready to present a platform.

CONVICT CAMP IS TO BE MOVED

OFFICIALS STATE THAT IT IS NECESSARY IN ORDER TO TAKE CARE OF THE STATE'S CROPS.

All people of the city and county who are interested in good roads will be pained to learn that we are to lose, temporarily at least, the state convict camp now located at the fair grounds about July first.

When the news leaked out a few days ago that the contract for the prisoners would probably not be renewed at the present time, the officers of the Chamber of Commerce immediately got busy to ascertain what might be done about the matter.

On yesterday John Smith, president; Marvin Brown, vice president, and O. N. Walker, secretary of the Chamber of Commerce, together with Orel Busby, W. M. Pegg and other interested citizens, called upon the board of affairs in an effort to have the camp remain.

These men were told that the prison management had seven hundred acres in cotton on the prison farm, to say nothing of corn, wheat, oats and other crops, which required the attention at this time of every available man.

The committee was treated courteously, however, and was instructed by the board to see that the camp was kept intact, with the assurance that if it is at all possible the convicts will be returned to us about September first.

Miss Willie Meredith of Claremore was in the city the past week-end visiting her parents, Dr. and Mrs. H. D. Meredith. She returned to Claremore yesterday and was accompanied on the return trip as far as Holdenville by her sister, Miss Gladys Meredith.

Debs Notified of Nomination for President

The notification committee, newspaper men and Debs photographed in the prison.

The picture above shows one of the most unusual scenes ever staged in connection with the presidential campaigns in the U. S. Eugene V. Debs, serving ten years in the federal prison at Atlanta, Ga., for violation of the espionage act, has just been notified by a committee of socialist leaders that he was nominated by the socialist party in

the New York Call; Julius Gerber, presidency. Dressed in prison garb and holding a bouquet Debs is giving the committee a message for his followers. "I have always been a radical, never more so than now," said Debs. The convict greeted each member of the committee with a kiss. In the photo left to right, are: James O'Neill, associate editor of

Cruel Treatment Is Alleged By Wife In Divorce Suit

Suit for divorce was filed in district court yesterday by Bertha May Atwell against her husband John R. Atwell. She is represented by W. C. Edwards as attorney. Plaintiff alleges that she married defendant at Poteau on October 3, 1918 and left him on June 14, 1919. She claims that defendant treated her in a cruel and inhuman manner, cursing her and calling her vile names, and beating her to her bodily harm. Finding life with him unbearable she left him and is asking for divorce and such other relief as she may be entitled to.

Colored Citizen Is Charged With Theft Of Woman's Shoes

A warrant was issued by Justice Anderson this morning for the arrest of John Black on a larceny charge. He is accused of stealing a pair of slippers from his ebony-hued sweetheart somewhere in Darktown. If the slippers were new, he will probably be tried for grand larceny.

At the Ada Playhouses

American
Today the American is showing an all feature program. William Fox presents Vivian Roach in a society drama, "Would You Forgive?" It's a picture that brings home a much discussed question in a dramatic story. Also showing Fox News No. 50. A real program in a real theater is what the American is offering every day. Good music and a comfortable place to enjoy yourself.

Liberty.
Today the Liberty has an all feature program with Marguerite Lillie, the predominating flower of musical comedy. George M. Hall presents the "Show Girls," and this is a guaranteed attraction. Everybody likes Marguerite Lillie, she is said to be even better than the famous Ruby Darby. The chorus of this show is snappy and beautiful costumes are seen daily at the show. The program is changed daily. On the screen will be Mildred Harris (Chaplin) in a super-Jewel production, "Doctor and Woman." If you want to see a real show, pay the Liberty a visit tonight. Worlds of music and comfortable seats.

SIDELIGHTS ON REPUBLICAN PARTY

By the Associated Press

CHICAGO, June 7.—At the first republican national convention held in Chicago 60 years ago:

An Iowa delegate walked 150 miles to get to a railroad to come to the convention.

Special railroad rates were made and Chicago's population probably doubled in convention week.

Hotel rooms were \$1.50 to \$2.50 a day.

Crowds were so great that billiard tables in the hotels were pressed into service as beds.

The "Wigwag" in which the convention was held was probably about the size of the annex to the coliseum in which this year's convention takes place.

The Wigwag's profuse decoration was largely furnished by the republican women of Chicago. They were invited to come "armed and equipped with those formidable weapons needles, thimbles, scissors, etc., etc."

When a special train pulled in with the Massachusetts and other New England delegates, rockets were sent up and a cannon boomed to announce their arrival to waiting friends.

The gallery in the convention hall was reserved for women and their escorts. Because of the great number of men unable to get in, one man was reported trying to get into the gallery with an Indian squaw selling moccasins as his credentials, but was excluded on the ground that she was no lady.

The two chief nominating speeches were made in less than 30 words. Abraham Lincoln was placed in nomination in 26 words.

The making of the presidential nomination was announced to the city by the firing of a cannon placed on the roof of the convention hall.

That night cannon and rockets were fired, bonfires lighted, and multitudinous parades formed, their participants carrying anything that would serve—even to rakes and fishing poles.

The foregoing data was obtained from the library of the Chicago Historical Society, which has various relics of the convention and the campaign that followed.

Czechs Mobilizing
By the Associated Press
LONDON, June 9.—The Czechs, according to an official Polish dispatch received today, are concentrating their troops in Saloniki. The Czechs have brought up close to the Polish frontier seven divisions or the greater part of the Czech-Saloniki army, the dispatch says.

Engineer Will Be At Mass Meeting To Be Held Tonight

Col. W. L. Benham will arrive in Ada this evening on the 8:55 Frisco from Kansas City and will appear at the mass meeting in the district courtroom prepared to give any information concerning the city paving that may be desired. This announcement was made this morning at the city hall.

A large crowd of citizens is expected to attend the mass meeting this evening as a deep interest in the proposed paving has been developed this week. The people are heartily in favor of paving, provided they can get the work done at a reasonable price, and it is hoped that all differences of opinion may be adjusted at the meeting tonight.

High School Band Will Give Concert At Stonewall Tonight

The high school cadet band of Ada will go to Stonewall this evening and give a concert at that place. The concert will be given for the benefit of one of the Stonewall churches seeking to raise money to buy seats for the church.

The boys need two or three additional cars to convey them to Stonewall and it is hoped that these cars will be offered by public spirited citizens. Several have already volunteered to drive their cars down this evening, but two or three more are needed. The cars will meet at the corner of Main and Broadway at 6:30 this evening.

There are thirty-six boys in the band and they have already rounded into one of the best bands in this part of Oklahoma. They were highly complimented by Judge Linebaugh for the splendid music they rendered at the smoker last night. They have been organized only since last October but have made wonderful progress.

Bound Over for Criminal Assault To District Court

Cam Boyd was brought to Ada this morning by the sheriff's office and arraigned before Justice Brown on a charge of assault with intent to rape. He waived preliminary examination and was admitted to bail in the sum of \$1,000. The defendant lives near Stonewall.

A layer of meteoric dust a foot thick would accumulate on the earth's surface in a million years.

Sell that old stuff you do not need with a News Want Ad.

PLATFORM REPORT IS EXPECTED TOMORROW; NOMINATING SPEECHES WILL FOLLOW; NO NOMINATION THIS WEEK.

By the Associated Press

COLISEUM, CHICAGO, June 9.—The republican national convention was in session only an hour today and devoted itself entirely to routine preliminaries. The temporary organization was made permanent. The report of the credentials committee was approved with the changes made last night, some of which reversed previous decisions of the national committee. For its second day's session the convention heard a woman speaker, Mrs. Margaret Mill McCarter of Kansas, the first woman to address a national convention. The platform committee was not ready to report, and only sent word that it was making progress.

CHICAGO, June 9.—The report recommended the changes decided upon last night. Mr. Scheffield moved the adoption of the report.

The report of the credentials committee was adopted without dissent and the convention had heard the report from the committee on permanent organization. It was presented by Governor Morrow of Kentucky, its chairman, as agreed upon. It recommended that the temporary organization be made permanent.

"The best way to show my gratitude to the convention for its action" said Senator Lodge, "will be to tell you there will be no speech by the permanent chairman." The convention acknowledged its appreciation of that with more applause.

Paul Howland of Cleveland, presented the report of the committee on rules and order of business.

The only new material in the rules report was an increase in the executive committee of the republican national committee from ten to fifteen members and a new assistant secretary. z

CHICAGO, June 9.—The League of Nations plank still was undefined today, 24 hours before the republican platform was to be presented to the national convention.

Members of the sub-committee, when they went to session to smooth out the remaining platform trouble, expressed confidence that they would agree, but all of them were somewhat hazy as to how it was to be done.

Aside from the treaty issue most of the platform material was in such shape that only the finishing touches had to be added by the sub-committee.

There still remained to be determined, however, some details of the Mexican declaration and some questions of policies regarding industrial relations.

COLISEUM, CHICAGO, June 9.—Assembled for its second session today with little more than routine in prospect, a brief session to perfect the permanent organization was forecast. Delegates and visitors were slow in arriving, and there was a marked absence of notables in the preliminaries.

"The drift to Lowden" and the "growing strength of Wood" and the "turn of the delegates to Johnson," which one heard so much talk about down town, were little in evidence in the convention hall. The delegates who arrived early seemed to be taking anything but politics, and even the visitors' galleries were slow in filling up.

At 11:15 Chairman Lodge arrived on the platform with Chairman Hays. A song leader tried to get the audience to sing the "Long, Long Trail," but had a hard time getting out the voices. Dr. John Timothy Stone, was chaplain today, the convention stood while he offered prayer. In closing Dr. Stone led the great audience in the Lord's Prayer. The song leader was immediately on the job again and led the audience in the "Star Spangled Banner."

They brought out a stout oak table for Senator Lodge to whack his gavel on. He called for the report of the credential committee. Chairman Scheffield of New Jersey came to the platform to present it.

IRISH IN CONVENTION OPPOSE COVENANT

By the Associated Press

MONTREAL, June 9.—Free Irish sympathizers in the annual convention of the American Federation of Labor, today declared war on the league of nations ratification program recommended by the executive council. They asserted they were against any covenant, that binds the American people by solemn obligation to respect and preserve the territorial integrity of Great Britain.

"Ireland's hopes for a republic will go a-glimmering if the league is ratified," said Dan Mac Killop, head of the Irish delegates.

"Irishmen can never approve a covenant that denies the small nations of the world the right of self determination."

Let a Want Ad Get it For You.

ELEVEN KILLED IN PASSENGER WRECK

By the Associated Press

SCHENECTADY, N. Y., June 9.—Eleven persons were killed and twenty-one injured today when a train of express cars crashed into the rear end of a passenger train which had stopped about two miles from Schenectady because of engine trouble. All but two of those killed were asleep in two Pullman cars at the rear of the passenger train.

Italian Cabinet Resigns

ROME, June 9.—Premier Nitti announced in the chamber today that the cabinet had resigned.

Oklahoma Weather.

Partly cloudy tonight; Thursday local showers.

Let Our Star Alone

It looks as if every city, town and village in this United States is jealous of Ada and trying to claim all our prerequisites, side lights, and scenarios. The falling star that lit in the midst of this Double A city last night at 9 o'clock is now claimed as a local fixture by every burg from Androscooggin to Uba Dam.

Okmulgee has the nerve to say that the shooting light of last evening fell in a dry ditch one mile out from that oleaginous city and that uncounted thousands of the hot polloi are even yet rubber-necking over the reeking pit into which the red demon sank. Wilburton has organized rescue parties to salvage Red Oak, which is claimed to have been smashed into smithereens by the astronomical maverick. Tulsa and Oklahoma City have both already laid out additions to mark the spot where their suburbs were touched up with a little touch of celestial fire. Even Paris in old Lamar County and Cleburne of the black tar country are claiming the honor of having been scared into goose flesh by the sudden lighting of the aurora borealis in their most exclusive residence sections.

All such talk is ballyhoo. The star or meteor, or whatever it was, fell right here in Ada. Hundreds of our best people saw its fiery gyrations as it crossed the horizon and settled on the perspective. They saw it at aphelion and perihelion. They saw dozens of spooning seances converted into highly fervent prayer meetings working overtime. And as indisputable evidence that the maverick lit in our midst the streets and alleys of this metropolis look as if ten thousand earthquakes had mobilized for this quick action and left nothing but dirty debris and broken hopes in their wake. A wide open trench eleven feet deep and two hundred feet long runs up the alley alongside the Evening News building, showing where the celestial visitor got in its work.

THE SHORTAGE IN COTTON

The government report on the condition of cotton that was issued a few days since shows the poorest average for growing cotton in fifty years. The average for the entire cotton growing section of the country is only 62.4. The figures range from 55 in Georgia to 80 in Arizona. The average for Oklahoma is given at 70, which is slightly above the average for the country.

These figures constitute a powerful appeal to the people of the cotton belt. It now becomes doubly imperative for all people interested in cotton growing to do everything possible to give the crop the best cultivation. A serious shortage cannot be prevented even if the cotton that is left in the fields should be well cultivated and yield a bounteous harvest. But an encouraging feature of a situation otherwise very dark is the assurance that what cotton is produced this year is certain to command a fancy price. The farmer who makes his way along the muddy cotton-row these humid days of June, cutting the grass and weeds away from the cotton, will have his reward in a splendid price for his product when the days of autumn come.

Quite a few Americans still have their Liberty Bonds and Thrift Stamps purchased during the war days, but they have completely lost the habits of thrift and economy forced upon them by the crisis. Better for the country if all its bonds and stamps had been lost entirely than for the best product of the war to be destroyed.

In his Oklahoma Farmer John Fields declares that he will not vote for Herbert Hoover for president on any ticket at any time. As a rule John is a mighty reliable citizen, but when it comes to voting against the regular Republican nominee John always passes. We see him voting for anyone but a Republican.

The great political battle of 1920 is now on. If you only make yourself sufficiently obnoxious fighting for some candidate who never heard of you, you can easily manage to lose the last friend you now have.

Bales of Paper Money

Are worth no more than the paper they are printed on. What makes them valuable is the coin behind them in the Treasury, and confidence in the country's stability.

A bank building, suggestive of strength though it may be, is not worth a great deal to patrons. What makes a bank desirable is the power behind its walls, the power exemplified in the character of its management.

A bank book is not a valuable thing. What counts is the power behind it, the power resulting through thrift, forethought and increasing independence.

Ada High School Is Holding Summer Term And Doing Great Work

By Oather Van Meter.

That the Ada high school has made very marked progress in the last few years is beyond all question and if the reader doubts this assertion, even momentarily, he should acquaint himself with the facts. The course of study has been enlarged and improved and the school plant modernized in every particular.

Summer Session.

There is a special summer session for pupils in the seventh A, which is taught by Mrs. Mary McKoy, and those in eighth A, which is taught by A. D. Bolton. The purpose of this session is to get these pupils ready for the junior high next fall so there will be no misfits. Good progress is reported. The term began May 31 and will run ten weeks. These two classes together have an enrollment of 98. They are open to the regular public school pupils.

There are some private classes in the wooden building on the campus. Miss Mae Grant has the kindergarten and primary and Miss Kathryn Grant has the first and second grades. These classes have a total enrollment of 26.

Music

All are familiar with the cadet

band and its entertainments and it is not necessary to repeat the words of praise that are due that organization. It is enough to say that the band will be maintained the coming year. However, it will be enlarged and will have 50 pieces in it.

There will be an orchestra next year under the direction of Miss Inez Donaldson. There will be 50 pieces in this musical organization.

The Girls' Glee club, which has delighted many audiences in Ada, will also be maintained the coming year. In addition, a boys' glee club is to be organized.

Military Drill.

The military training received by the students has been of wonderful value to them. It has benefited them physically and mentally. The lesson in discipline they get makes them better students in the classroom. The school is trying to get a regular R. O. T. C. camp established next year. This would mean that the government would furnish all equipment. Even if this attempt fails, there will be military drill next year.

Motion Pictures.

Motion picture entertainments have been regular occurrences the past year and they will be kept up next year. Of course, only pic-

tures of educational and moral value will be shown. It is the plan to have the community films every Friday night. There will be a new movie machine next year as well as new equipment.

Departments

The science department is being equipped with the very best science tables that money can buy. Other equipment will also be added the coming year.

In the domestic science department, the newest and most up-to-date type of cooking tables are being put in.

The library has a history for the past year that is unique. There were only two books lost and those were paid for. All assessed fines were collected. The Dewey system of cataloging is used. New library books and new magazines are to be added next year.

Campus

Here is where the least unservant could see a visible change. Many new trees have been set out and most all are living. Bermuda grass has been planted over almost the whole of the grounds. Flowers have been planted in various places and are a pleasant sight for the eye. A hedge has been planted around a part of the campus and is in fine shape. Clay tennis courts and a football gridiron afford athletic opportunity besides plenty of surrounding ground for organized and unorganized games.

Near the football field a stadium

is being constructed by the graduates of 1920. At least 320 people can be seated here.

Faculty.

The faculty of the junior high and high school has not been completed yet. The following are reported as being on the list for next year (There may be others):

Prof. Fentem principal of Junior high and high school; Mabel Norwood, head of commercial department; Margaret Cameron, head of domestic science; D. T. Bradshaw, head of manual training; Ruth McBride, head of English department; Mrs. Wilbur Lee, assistant in English; Miss Jessie Joiner, head of Language department; Iro Gregg, assistant in domestic science; Abbie Kitchens, registrar and assistant commercial teacher; Eunice Bills, assistant in mathematics.

In the junior high, J. O. Vernon will be first teacher and Gladys Coble will be one of the others.

Miscellaneous

Prof. Fentem, the man you must not forget, is expecting 500 students next year in the junior high school. He says that 350 of this number will be in the high school.

During the year just passed, the school published a paper called the Weekly Cadet and at the close of the year the school annual, the Boomerang, was again published. That these publications are meritorious is beyond question.

Plans are under way to give the public a number of open-air,

evening entertainments this summer. Every effort is being resorted to to make the school a community center.

In conclusion, (more could be said however) let the town people not forget that Ada has a real modern high school. It is one that Ada should be, and is, proud of. Those who have contributed to its improvement are indeed worthy of praise.

SERMON ON CHRISTIAN SCIENCE AND DIVINE HEALING

Next Sunday evening at the Christian church the minister will preach on "Christianity and Christian Science" and the following Sunday evening on "Christianity and Divine Healing." These are both interesting and important themes. All are invited. The minister promises to be fair in presenting these themes, and his knowledge of the subject permits. A question box is at the door and the public is invited to use it. —C. V. Dunn, Minister.

Philologists have never been able to determine the origin of the Etruscan people of Northern Italy.

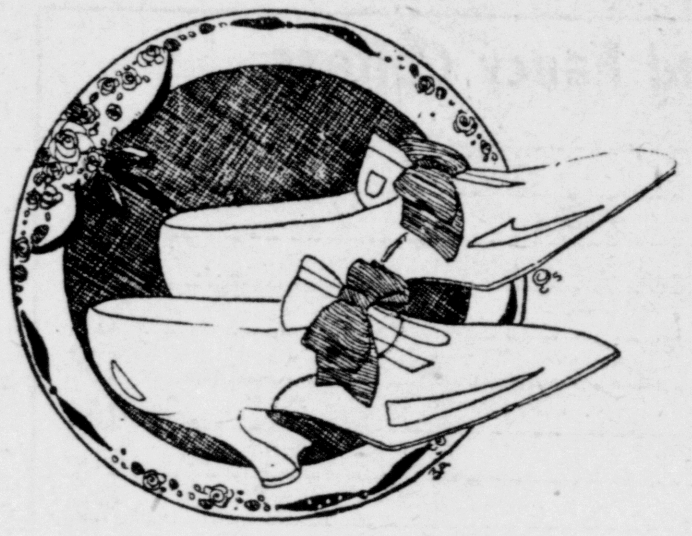

Notice A. O. U. W.

Refreshments will be served at meeting Thursday night. All the other members will be there. Will you?

USE DISCRETION

CHAS. HILL, Manager.

"COUNCIL HILL BUSTER" (From a Photo)

And letter from Texas Farm and Ranch Publishing Company, relative to this Grand Champion Poland China Boar:

The Adva-Talks Company, Dallas, Texas. Gentlemen: At the request of R. A. Welch and Son of Red Oak, Oklahoma, I am enclosing herewith photograph of Council Hill Buster, Grand Champion Poland China Boar at the recent Texas State Fair. This boar is a son of Buster's Giant and a grandson of Giant Buster, and one of the greatest Poland China Boars alive. Council Hill Buster was purchased in Mr. Welch's last Winter's sale by Parvin and Cunningham of Prosper, Texas, for \$1,050.00 when he was but a pig. After searching all over the North for a real boar Mr. Welch finally came to Texas and paid Parvin and Cunningham \$6,000.00 to get this boar back. He is one of the very best of the breed. Trusting this is the information you desire and with best regards, I am, Yours very truly,

Texas Farm and Ranch Publishing Company

- Bloomers
- Camisoles

- Drawers
- Corset Covers
- Combinations
- Chemises
- Princess Slips
- Novelties

In all materials, including Crepe de Chine and Satin.

SOCIETY NEWS

June.
O, Queenly month of indolent repose!
I drink thy breath in sips of rare perfume,
As in thy downy lips of clover bloom
I nestle like a drowsy child and doze
The lazy hours away. Thy zephyr throws
The shifting shuttle of the summer's loom
And weaves a damask work of gleam and gloom
Before thy listless feet. The lilly blows
A huckle call of fragrance o'er the glade;
And wheeling into ranks, with plume and spear,
The harvest armies gather on parade
While faint and far away, yet pure and clear,
A voice calls out of alien lands of shade;
All hail the Peerless Goddess of the year!

—James Whitcomb Riley

Social Calendar

Baptist revival, Baptist church, all this week.
American Legion Carnival, all this week. Located on east Main street.

Northam-Rains.

Dewey Northam of Maxwell and Miss Josie Rains of Bebee were married in Ada yesterday, the marriage ceremony being performed by Justice Brown.

Osborne-Wilcoxson.

License to marry was issued yesterday to Thomas Watson Osborne of Akron, Ohio, and Miss Ella Vay Wilcoxson of Francis. Both these young people are deaf mutes and became acquainted while attending a school for the deaf. The groom came from his Ohio home to claim the sweetheart of his schooldays.

Christian Endeavor Social

Monday evening the members of the Christian Endeavor were entertained at the home of Mr. and Mrs. George Bowman with a measuring party. Each guest had to submit and be measured. It was one time when the people of small dimensions were luckiest.

Various games were enjoyed, after which, punch, sandwiches and salad were served.
About 25 young people were present at the occasion and 25 young people departed with words of praise for givers of the entertainment.

Children's Party.

Mrs. R. S. Newcomb of 821 East 10th street entertained a number of children at her home on Monday afternoon, June 7th, the occasion being in honor of the sixth birthday of her son, Master Howard. The little guests arrived at 3 o'clock and were taken to the lawn where many games were played, supervised by a number of girls from the teachers' college. After the games they were called to the dining room to admire the large birthday cake on which were burning six red and white candles.

When the candles had burned low the cake was cut and served with ice cream.

Those invited to this pleasant affair were: Masters David Perkins, Raymond Mount, Melvin Hunsucker, Owen and Philip Henderson, Shelton Dandridge, Robert and Milton Bradley and Hilton Pratt; Misses Virginia Lee Griffith, Pauline Robinson, Verda Mount, Elizabeth Ann Wilson, Wilda McClure, Reba and Wana Mallory and Joy and Alene Newton.

Personal Mention

Judge Bolen returned last night from Wewoka where he had been holding court.

Mrs. Keyser, who has been ill for some time, is reported as being much better today.

Miss Wilma Wood returned from Oklahoma City Monday morning where she had visited friends. She will attend the normal this term.

Mr. and Mrs. Tandy Gully of Allen are in the city the guests of Mrs. R. Y. Kidd.

M. F. Manville, W. P. Lee, W. T. Brown and Miles C. Grigsby attended an open house meeting of the Masonic lodge at Ahloso last night. They report a good time and

the meeting was very interesting. Refreshments were served to those present.

Mrs. Joseph Jamison left today to join her husband at Pawhuska.

Miss Dora Glines left this morning for Oklahoma City where she will spend a few days.

Miss Wilma Douglas of Sulphur is in the city the guest of Miss Marguerite Hardage this week.

Miss Edna Dawson returned to Tulsa this morning after a visit with Miss Marguerite Hardage.

Mr. and Mrs. M. F. Manville and family will leave today for points in Kansas and Missouri where they will visit relatives.

Mrs. Ralph Cain, Mrs. R. W. Simpson, Ruth Bolen, Elizabeth Cain and Ethel James Byrd returned home Sunday evening after spending an outing at Sulphur.

Hon. Hayden Linebaugh of Muskogee, who was the orator of the day at the Chamber of Commerce smoker last night, was the guest of Mr. and Mrs. H. W. Wells while in the city.

After spending two weeks with their daughter, Mrs. R. J. Fahmy, Mr. and Mrs. J. W. Sharrock left yesterday afternoon over the Santa Fe for Rosedale, where they will make their future home with their daughter, Mrs. O. J. Lawyer. They were accompanied by Mesdames Lawyer, A. J. Crain of Roff and W. M. Elliott of Ada—all daughters.

Mrs. R. M. Goode and two children went to Francis this morning to attend the wedding there this afternoon of Miss Wilcoxson. Miss Wilcoxson recently returned from Washington where she has been attending school. She is deaf and dumb and is to be married to a man who is also deaf and dumb and who lives in Akron, Ohio.

The Royal club met at the home of Mrs. J. W. Bolen Saturday afternoon. A most enjoyable afternoon was spent in fascinating pastime and refreshments were served to the following: Mesdames I. M. King, J. M. Wintersmith, C. E. B. Cutler, Will Netherly, M. C. Wilson, W. C. Warren, John McKinley, W. K. Chaney, W. W. Sledge, W. H. Eby and H. W. Wells.

Mrs. Cox Sells Garage.

Burriss Crandall has bought the interest of Mrs. Fred Cox in the Cox-Burden garage on North Broadway. The change was effective today. Mrs. Cox says there was simply too much work for her to keep up with.

The name of the firm in the future will be the B. and C. or Burden and Crandall garage.

The deaf and dumb school at Sulphur has ended its sessions for this term and a large number of the pupils passed through Ada this morning for their homes. They traveled in a special car.

M. A. Saunders of Oklahoma City transacted business here today.

Hassie Balyeat of Oklahoma City was a business visitor here today.

R. F. Airin of Wichita Falls, Texas, was a business visitor here today.

A. B. Snodgrass of Oklahoma City was a business visitor here today.

L. F. McCrane of Chicago was here today attending to business matters.

Knight Blancher of Oklahoma City spent the day in this city transacting business.

W. L. Mitchell and Warren Gibson of Pauls Valley were visitors in this city today.

Oma Laird, an old student of East Central, went today on a business trip to Fitchburg.

C. B. Rains left today on his regular business tour to Sulphur, Wynnewood and Davis.

Herschel Staggs, who formerly resided in Ada, is back again after an absence of several years.

Mrs. R. R. Robinson, wife of the well known normal instructor, was taken to the hospital yesterday.

Mr. and Mrs. J. K. Malone and Mr. W. H. Ryan of Allen were in the city today on business.

Mrs. Charley Palmer, from the Bebee community, was recently brought to the local hospital.

Miss Edna Olds, who has been sick in the hospital for some time, was able to leave the hospital yesterday.

J. W. Taylor of Oklahoma City was in the city today the guest of friends. Mr. Taylor has business interests in this city.

Miss Emma Ligon returned to her home in this city last Saturday. She has been teaching domestic science in the high school at Okmulgee.

Misses Carlita DeValco, Mercedes Elrod, Grace Waldon, and Messrs. Robert Morte, Antonio Morales and Walter Kingston, all of Byng, motored to Sulphur Monday.

Mr. Edwards, manager of the plant, and Mrs. Dunn, manager of the local telephone office, went to Roff on business for the telephone company this morning.

W. T. Anderson returned last night from a business trip to Oklahoma City. Jack Moore Jr., who went with Mr. Anderson to the city, remained for an extended visit.

Horace Scott, who has been attending the Oklahoma University, is home again. He reports a fine year's work there and expects to return next fall. He is majoring in geology.

R. C. Bruce slipped and fell yesterday while attempting to climb an electric light pole. He was slightly bruised and considerably scared. He now firmly believes in the law of gravity.

Work on the Shaw building is progressing nicely and the building will be completed by the first of next month. This addition to the building will make a total of three stories and the second and third floors will be used for offices.

Bob Ford made a business trip to McAlester today. Mr. Ford is entering the oil business on a large scale in this county and has several wells near Steedman.

Mrs. J. A. Napier of Vernon, Texas, who has been visiting her parents, Judge and Mrs. H. C. Thompson on 17th street, leaves today for California where she will spend the summer.

Harry Taylor, formerly a member of the local recruiting station of this city, left today for Oklahoma City and will go from that place to Houston, Texas, where he will be assigned to duties in the recruiting station of that city.

Robert D. Kellar, a member of the 2nd engineers, with headquarters at Camp Travis, San Antonio, returned to his camp this morning after spending several days with old friends in this city.

Mrs. Sallie Blythe of Hugo is visiting in Ada at the home of her brother, Judge B. C. Wadlington. She is accompanied by her son, E. A. Blythe, who is one of the leading attorneys of Choctaw county.

Max Westbrook, son of Postmaster and Mrs. J. W. Westbrook, left yesterday for a summer trip. He accompanied his grandfather to the Ardmore convention of the Confederate veterans and from there will visit in Ringling, Oklahoma, Fort Worth, Dallas and Austin, Texas.

J. J. Farrar, whose home is in Fresno, California, is paying a visit to his sister, Mrs. Dr. Threlkeld. Mr. Farrar was in Oklahoma 21 years ago and hardly recognizes this land of improvement as the undeveloped country that he viewed then.

Next Sunday is scheduled to be a big day at the city lake. Manager Overby stated yesterday afternoon that he would hold boat races, diving and swimming contests and various other sporting amusements on this date. It is planned to have the new road opened for this event so as to have plenty of room for all cars. There is a daily attendance at that city.

the lake in form of swimming parties of 300 to 500 and as the summer opens it is expected to double this amount. New lights around the dam are being strung and a motor boat are some of the new improvements being noted. This place is proving very popular as evidenced by the many groups of young people who visit this place in the afternoons.

The fire department made a run last night about 8:30 o'clock to the 800 block on East Main street. A Dodge car standing on the street, was ablaze, caught probably from a short circuit somewhere. No serious damage was done.

H. E. Hamilton, bookkeeper for Sledge Lumber company has just returned from a business trip to Belleville, Illinois. Mrs. Hamilton, who has been visiting in Okmulgee, joined her husband on his return trip. They are staying at Mrs. Key's place.

R. W. Simpson returned yesterday from a business trip to the markets. He returned by way of Belmont college in Tennessee where he attended the commencement exercises of Belmont college. Mr. Simpson's daughter, Miss Annie Carroll Simpson, who has been attending school at Belmont, returned home with him.

Doing Our Part Shaw's Department Store Stand Relative to High Shoe Prices

We have placed on sale about \$6,000 worth of Footwear at honest reductions.

This is in no sense an attempt to lower the cost of living. There can be no permanent relief from high prices until production equals demand; and widespread price cutting to induce the purchase of additional merchandise will in the face of present shortages, serve to force prices higher in the long run.

BUT—

We are now doing the greatest business it has ever known. In the face of unseasonable weather and the difficulties of obtaining merchandise, it has chalked up almost unbelievable selling records. This has been achieved by carrying great and finely assorted stocks of footwear and selling at as small a profit as safety will permit.

It has watched the hectic efforts of merchants, far and near at hand, to stimulate business by the drastic slashing of prices. We, with Ada's greatest stock of shoes, cannot sit idly by while ill-advised business is rolled up by other houses. We will, each week, take many lines of this season's Pumps

and Oxfords in every department—Men's, Women's, Children's — and sell them to you at honest reductions.

\$16.50 Ladies' Pumps and Oxfords, Black and Brown Kid for ----- \$13.85
\$13.50 Ladies' Pumps, Black and Brown, for ----- \$10.00

\$10 Ladies' Havana Brown Kid Oxfords, Miliatry Heel, for ----- \$7.50

\$6.95 Ladies' Black and Brown Kid, Oxfords and Pumps, French and Military Heel ----- \$5.45

Wonderful reductions in prices on Nettleton Oxfords for men.

LINEBAUGH STIRS CHAMBER PEOPLE

ELOQUENT MUSKOGEEAN DELIVERS INSPIRING SPEECH AT ANNUAL SMOKER OF CHAMBER OF COMMERCE

"Whenever a man who refused to perform his duty by his country during the perils of war offers himself for public office it is the duty of real Americans to smash him at the polls." This was the assertion of Hon. Hayden Linebaugh of Muskogee in the speech he delivered at the annual smoker of the Ada Chamber of Commerce held in the district court room last night. The statement won emphatic applause from the audience.

Mr. Linebaugh spoke for forty-five minutes on the present crisis and the possible remedy for existing ill. He stressed the necessity for work, economy and service, and declared that the heart of the world must be healed, if at all, by the principles of the Christian religion. He characterized the present conditions as abnormal, mentioning as cause for reassurance that abnormal condition are never permanent. But the present inflation of prices will either cease gradually or with a sudden crash.

It is the duty of the public to strive for a gradual adjustment of economic conditions and avoid if possible a disastrous panic. Every citizen should work honestly and give a full day's work for a full day's pay. There is work enough for everybody. Both the man who works with his hands and the man who works with his brain is needed. The man who seeks to array one class against another is the friend of neither class but an enemy of both. There is danger of the public forgetting the lessons of thrift learned so thoroughly during the war.

The future will be saved by service. Altho the signs of the times are portentous all will be well if everyone is willing to serve. Serve your God, your family, yourself, and your country. The highest service ever performed by Americans was the service rendered by those chosen to wear the country's uniform. Inasmuch as they were taken from productive labor for two years, this richest nation of the earth owes it to them to help them in every reasonable way. Congress should pass the soldier relief bill now pending in that body.

Europe is aflame with a fire of bolshevism that is destroying free government and threatening civilization. The spirit of unrest is abroad in America. Bolshevism can never take permanent root here if we re-

main true to our ideal. "I know that it can never take root in Pontotoc county as long as Bob Duncan is sheriff of this county." But we must emphasize work, economy and service if we would escape the dangers menacing the world. We will receive powerful assistance from the women of America, who recently received the privilege of suffrage. Woman knows the right intuitively and stands for the right. It is our duty to encourage her to participate in politics. We should ask her to register and to cast her ballot. She will lend invaluable aid in purifying politics and obtaining clean government.

Mr. Linebaugh was warm in his praise of Ada and her institutions. He paid a high compliment to the city and praised the high school cadet band, which favored the audience with splendid music. He also referred to the Evening News as one of the best newspapers in Oklahoma, declaring that it was a better newspaper than either one of the Muskogee papers. He referred to the fact that Muskogee recently adopted the managerial form of government and had found it very helpful.

Robert Wimbley presided over the meeting in the absence of J. A.

Smith, president of the Chamber of Commerce, who was absent from the city Short speeches were made by J. F. McKeel on "What the Chamber of Commerce Has Accomplished," by W. L. Whittaker on "Ada's Water System," and by C. A. Galbraith on "The Paving Situation." All these talks contained interesting information and were well received.

American Legion Carnival Has Good Crowds Attending

Last night was the second round of the Legion carnival. Quite a few were present and every attraction was open with the exception of the various prize concessions, which were closed on advice of local officers.

In the athletic show "Bear Semiscoe" a traveling wrestler, met "Kid" Burns, the show's wrestler, in a 10-minute handicap. The bout lasted 6 1/2 minutes and the decision was given Semiscoe. Both men were evenly matched and a lively contest ensued.

Immediately after this bout Ed Stuart of this city met "Kid" Burns

in a 10-minute handicap. This contest lasted only 1 1/2 minutes. Stuart was defeated by Burns. Tonight new men are billed to meet Burns and some good exhibitions are promised.

The Jazzland minstrels opened their show and had quite a good crowd. Plantation songs, dancing and coon shouting are included in

their program of laughter and fun-making. It is expected to have the 49 show and all concessions open for tonight.

Notice to Modern Woodmen.

A special meeting will be held at eight o'clock Friday evening at M. W. A. Hall. All members are

requested to be present.—J. E. Russell, Clerk. 6-8-3td

No Other Light Car Offers So Much

There is in the Cleveland Six an unusual degree of power, quick pick-up and extraordinary acceleration. It gives all the speed that any reasonable person would ever want to use, more than most drivers would ever care to use.

And with these qualities of day-in and day-out performance, the Cleveland embraces sturdiness, safety and real comfort.

These are factors that you care about. They mean much in the service and pleasure which you have the right to expect from your motor car.

Throughout, the Cleveland Six is a car of high quality featured by its own exclusive motor, ease of control in driving, most positive brakes, low underslung springs that wipe out the road-bumps, magneto ignition, bodies of dignified and graceful design.

Come In and See the Cleveland Six. Ride in It, Drive It.

The World's Largest Tire Factory Building 30x3, 30x3 1/2 and 31x4-inch Tires

Owners of the smaller cars can enjoy the same high relative value in Goodyear Tires that gives utmost satisfaction to owners of big, costly motor carriages.

They can take advantage of that tremendous amount of equipment, skill and care employed by Goodyear to build tires of extraordinary worth in the 30 x 3-, 30 x 3 1/2-, and 31 x 4-inch sizes.

They can secure these tires without waiting, despite the enormous demand, because, in addition to its larger sizes, Goodyear builds an average of 20,000 a day in the world's largest tire factory devoted to the three sizes mentioned.

If you own a Ford, Chevrolet, Dort, Maxwell, or any other car using one of these sizes, go to the nearest Goodyear Service Station Dealer for Goodyear Tires and Goodyear Heavy Tourist Tubes.

30x3 1/2 Goodyear Double-Cure Fabric, All-Weather Tread.....	\$23.50
30x3 1/2 Goodyear Single-Cure Fabric, Anti-Skid Tread.....	\$21.50

Goodyear Heavy Tourist Tubes are thick, strong tubes that reinforce casings properly. Why risk a good casing with a cheap tube? Goodyear Heavy Tourist Tubes cost little more than tubes of less merit. 30x3 1/2 size in water-proof bag..... \$4.50

Wage Earning Class
Is Strong for Silk
Shirts, Say Merchants

The silk shirt fad in Ada is not as strong as in some other cities. The local clothing merchants while they say they have sold a large number of silk shirts to the predatory males, think that there is not an especially strong demand for them, but that they are being worn by all classes of people.

A survey of the local clothing merchants reveals that while silks are the only articles of wearing apparel that are lower now than last year, the prices on silk shirts are still high. The prices range all the way from \$10 to \$20. Some merchants carry no shirts that sell for more than \$15 but most of them do. Stripes and crepe de chimes are "all the go" this year. Solid colors also stand well in the estimation of Ada Beau Brummels.

When asked by a reporter by what class of people the silk shirts are bought, the merchants all said that every class was represented on the list, but that the greatest number were probably sold to the wage earning class. This bears out comparison with conditions in other towns. The following also illustrates the fact. At a recent meeting of prominent local citizens it was found that only one man in the crowd owned any silk shirts and he had quit wearing them.

The demand for silk shirts has been met favorably by all of the merchants and they expect larger sales from the fact that silk has decreased in price slightly, although all other shirts have gone up in price.

Judge Stuart Will
Address Mammoth
Audience Saturday

The speech of Judge C. B. Stuart will undoubtedly be heard next Saturday afternoon by one of the largest crowds of people that have ever heard a political speech in Ada in recent years. The high reputation of Judge Stuart as an orator gives him a large audience wherever he speaks and many people who differ from the Oklahoma jurist in the present senatorial contest will attend the meeting Saturday to hear what he has to say.

Judge Stuart occupies a unique position in the political contest now engaging the attention of Oklahomans. For many years he was the law partner of Joseph W. Bailey at Gainesville, Texas, but in this campaign he is fighting in Oklahoma what Bailey is advocating in Texas. He is also fighting Senator Gore, whom he represented in the famous Minnie Bond case in 1914. The speech delivered by Judge Stuart in that memorable trial is considered the most brilliant effort ever heard in a courtroom in the southwest.

Judge Stuart will speak in Ada Saturday under the auspices of the Scott Ferris club of Pontotoc county.

Margaret Lillie Is Featuring This Week At Liberty Theater

Probably one of the best bills
the Liberty has presented to the
people of Ada was given last night.
George M. Hall presenting the
Show Girls, the predominating
flower in the garden of musical
comedies, is a very good show and
is composed of members including
the chorus. Supporting Miss Lillie
is Miss Kittie Hammond, the prima
donna. Miss Hammond appears in
a role of "the way down on the
farm style," and has evidently
made a hit in this city as is noted
from the large crowds that are
attending the show.

Besides the above named people

GWIN & MAYS

MRS. ALICE GRESHAM
DODD, mother of the first
American soldier killed in France,
who gives entire credit for re-
covery of her health to the well-
known medicine, Tanlac.

The following remarkable en-
dorsement of Tanlac was given re-
cently by Mrs. Alice Gresham Dodd,
at the Gresham Memorial Home,
Gavin Park, Evansville, Ind., which
home was presented to her by the
evidence of their appreciation of
the service rendered to his country
by her son, Corporal James B.
Gresham, the first American soldier
killed in France. Expressions of
sympathy were received by Mrs.
Dodd from all parts of the United
States, and the newspapers of the
country carried the story of the
first "war mother."

The shock of her son's death
resulted in the serious breakdown
of Mrs. Dodd's health, but everyone
will learn with much interest and
pleasure that she is now in splendid
health again. When seen at her home
recently she made the following
statement, giving the entire credit
for her recovery to the well-known
medicine, Tanlac.

"After my dear boy's death, I had
a general breakdown in health,"
said Mrs. Dodd. "At first it was just
indigestion. My food used to upset
me and I had to diet myself very
carefully, which wasn't much hard-
ship as I lost all desire to eat. Then
I had an attack of rheumatism, with
severe pains in my shoulders, back
and arms. Sometimes I used to suf-
fer a great deal, and my joints
would get all swollen up and stiff.
I was able to do very little about
the house, and at times couldn't
even cook a meal. I got very ner-
vous and restless and at night
would lay awake for hours, and lost
many a night's sleep as a conse-
quence."

"A friend of mine had received a
great deal of help from Tanlac, and
it was she who advised me to try it.
I am so glad I did for it proved the
best medicine I have ever taken. It
soon gave me a good appetite and
seemed to settle my stomach so that
I was no longer troubled with in-
digestion. I don't know what it is to
have rheumatic pains now, the swea-
ring and stiffness has all gone out
of my joints and I am able to do
the work of the house with the
greatest ease. My nerves are steady
and strong. I sleep fine at night
and I feel better in health than
ever before in my life. I shall al-
ways be grateful for what Tanlac
has done for me, and shall recom-
mend it every chance I get."

Tanlac is sold in Ada by Gwin &
Mays Drug Co., in Stonehill by L.
P. Carpenter, in Francis by Francis
Drug Co., in Roff by Dowdy's Phar-
macy, in Allen by McManis & Rose,
and in Vanoss by Chas. L. Berger.

Notice of Probate of Will.

State of Oklahoma,
County of Pontotoc, ss.

IN COUNTY COURT.

Notice is hereby given to all per-
sons interested in the estate of
Marie Lauretta Walsh, deceased,
that on the 8th day of June, 1920,
I, M. King produced and filed in
the County Court of the County
of Pontotoc and State of Oklahoma,
an instrument in writing purporting
to be the last Will and Testament
of Marie Lauretta Walsh, deceased,
and also filed in said Court a pe-
tition praying for the probate of said
Will, and that Letters Testamentary
issue thereon to I. M. King, the ex-
ecutor named in said Will and that
said petition will be heard at the
Court room of said Court in the
City of Ada in said County and
State, on Thursday, the 1st day of
July, 1920, at the hour of 10
o'clock A.M., of said day, when and
where all persons interested can
appear and show cause, if any they
have, why said prayer of said pe-
titioner should not be granted.

In testimony whereof, I have
hereunto set my hand and affixed
the seal of the County Court of said
county, this 8th day of June, 1920.
(seal) OREL BUSBY,
County Judge.

Let a Want Ad Get It For You.

Normal and Campus

The total enrollment up to 9:30
this morning was 808. The classifica-
tion shows that there are 650
women and 153 men in the student
body.

The chapel exercises this morning
were well attended and much inter-
est was manifested. It will be the
policy of the school to conduct
these assemblies every Wednesday
morning.

Friday is the date set for the re-
hearsals of the Girls' Glee club. All
who are interested in this work
are invited to attend. This depart-
ment is under the direction of Miss
Starr.

The kindergarten children seem
to enjoy their daily play on the
Normal lawns. The little folks have
their classes in the new building
and have every feature that goes to
make their studies interesting as
well as beneficial. There is a total
enrollment of 126 kindergarten stu-
dents.

The manual training department
under the supervision of Prof. Hugh
Norris is making a splendid record
this term. The students in this class
are manufacturing bookcases, music
stands, lawn swings and beds which
are as neat in workmanship as those
which are bought in the stores.

The chapel exercises at the Nor-
mal from nine to ten o'clock this
morning were both interesting and
elevating. C. C. Morris, of the First
Baptist church delivered the in-
vocation and the first exercises were
by the Normal orchestra. There
were fifteen pieces in the orches-
tra and music was most excellent
when it is considered that the mu-
sicians have had only five days
practice together. The orchestra is
under the direction of Mr. Fred
Schrieber, of this city.

G. W. Reynolds, singer for the
Baptist revival now in progress, was
present and rendered two choice
vocal selections. This was followed
by the speaker of the day, Doctor
Powell, Baptist evangelist. Doctor
Powell's remarks in the outset were
most complimentary of the student
body and the keynote of his ad-
dress was in the manner of a call
for 100 per cent efficiency on the
part of the teaching fraternity.

He stated that he had just
learned that two hundred forty odd
of the students enrolled were mem-
bers of the Baptist church and, he
urged each and every one of them
to give good account of themselves
while in Ada this summer.

The latter part of Doctor Powell's
address concerned the history, re-
sources and educational facilities of
Mexico. Doctor Powell put in sixteen
of the best years of his life in this
unhappy and badly misunderstood
nation, as a missionary, and with
the world of information which he
gained while there his discussions
on Mexico are always most illumi-
nating and instructive.

The chapel exercises at the Nor-
mal each Wednesday morning from
nine to ten o'clock are the spiritual
and intellectual stimulants for the
week, and the one this morning was
up to the standard in every respect.

The 'Old Man' Still a Mystery.

Comments from students as to
whom or what the "Old Man" is
are rather interesting at this time,
since the public in this remote part
of the state are using rather care-
fully the "Old Man's" name. To
show how high curiosity may affect
an inquirer, we quote excerpts used

on a class prepared "news story" as
follows:

"I think of him as an old man
smoking a pipe"—Pupil No. 1.

"It is hoped the 'Old Man' will
soon come to light and stop the
suspense at the Normal"—Pupil
No. 2.

"This man seems to have been
living alone for some forty years,
and can neither read nor write"—
Pupil No. 3.

"He seems to have died, but his
son took his place"—Pupil No. 4.

The "Old Man" is Mr. Gordon,
former president of our normal. He
is called the "Old Man," not be-
cause of his age, but because of his
having been in "Our Normal" so
many years. Am I not right? (Ha,
ha, ha!)—Pupil No. 5.

"The 'Old Man' is very peculiar
in his mode of living, and he has
a very peculiar disposition, in fact,
somewhat like girls, for he loves
the companionship of boys, often
going with them on fishing trips
or to ball games"—Pupil No. 6.

"You can't look around but you
see signs of the 'Old Man.' He
surely must be someone or some-
thing for they all praise his name.
He was to have been in room 203.
Subtracting the little nothing in this
number leaves 'skiddoo,' so I am all
anxiety"—Pupil No. 7.

"The 'Old Man'—I mean the mys-
terious 'Old Man'—has caused much
sensation throughout the whole Nor-
mal school. His name is on the lips
of every student, on the bulletin
board, and even in the newspapers.
Our curiosity has been very much
aroused. We do not know whether
he is the president, some teacher,
or some mysterious object; and the
teachers refuse to satisfy our cu-
riosity by telling us who he is, or
what it is. But to my mind it is
the president"—Pupil No. 8.

"If you want to see, go to room
2-0-3"—Pupil No. 9.

"The 'Old Boy' is some mystery"—
Pupil No. 10.

"Some day we mean to surprise
the meeting in 203 and get just
one peep, be it ever so brief, at the
'Old Man'"—Pupil No. 11.

And here comes the climax from
No. 12, and we will omit the 80
odd others who have given ye re-
porter their opinions of who the
'Old Man' is. "The 'Old Man'—The
Normal school has a mystery to
solve. Who is the 'Old Man?' He
does not appear in person, but he
seems to exist somewhere.

"In my own mind I think it
means to keep on the watch and be
careful of your doings, for one of
the 'wise ones' said one day: 'The
'Old Man' is watching you.' I have
forebodings that we have the Al-
mighty to fear in our daily life and
the 'Old Man' in our school career"

—Pupil No. 12.

In reality ye reporter's curiosity
is aroused. Will some "wise one"
tell us?

By the Associated Press
CHICAGO, June 9. — Senator
Johnson visited the Nebraska head-
quarters today and talked with the
delegates bound by primary votes to
support him. He assured them that
"sticking" on their part would win
him the nomination. "Later on in
his office he saw the Oklahoma
delegation to the convention.

The ordinance of baptism will be
administered tonight at conclusion
of the service at the First Baptist
church. 6-9-1td

Hear Doctor Powell at First Bap-
tist church tonight. Splendid music
under direction of Mr. Reynolds.
6-9-1td.

Save Money on Your Long Distance Calls

EVERY DAY, thousands of long-distance calls are
made by patrons who wish to talk to ANYONE at a
distant telephone. Many times these are calls for busi-
ness houses; many times they are for residences.

THESE are "station-to-station" calls.

"STATION-TO-STATION" calls are completed more
quickly and at less expense than where it is necessary
for the Telephone Company to locate a particular per-
son, and therefore the rate to the patron is lower.

MANY subscribers are taking advantage of this
speedy and less expensive service and many others by
studying their requirements, can save money by using it.

YOU, undoubtedly have occasion when all you really
need is to talk to ANYONE who may be at a certain
place of business or at a certain residence.

STUDY your requirements, and whenever possible
use "station-to-station" service. The rate for this ser-
vice is about 20 per cent lower than the "person-to-
person" service.

To place a "station-to-station" call, reach the long-
distance operator in the usual way and say "I wish to
talk to ANYONE at Main 678, Chicago" or—if you
don't know the telephone number, say—"I wish to talk
to ANYONE at James Smith's residence on 'A' Street,
Chicago."

WHEN YOU DO THIS YOU WILL SAVE TIME
AND MONEY.

Southwestern Bell
Telephone Co.

Drummond & Alderson
THE MAN'S STORE

Johnson Sells His Interest In Tailor Shop To His Partner, Auld

The firm of Johnson & Auld
changed ownership last week Mr.
Auld buying out the interest of his
partner.

A visit thru the plant this after-
noon by the News man revealed
the fact that Mr. Auld is making
many improvements in his plant. A
new cleaning room is being built in
the rear of the building which is
modern in every respect. All modern
machinery will be installed in this
department and it will be one of the
best cleaning plants in this section
of the county. Aside from this
equipment they have two Hoffman
steam pressing machines, a drying
room and various other things that
go to make an up-to-date plant.

Mr. Auld stated that he was go-
ing to make a specialty of cleaning
of ladies garments and silks. They
have a cleaning process that is

known only to this particular firm
which will clean any garment and
is harmless to the material.

The firm will be styled "The
Auld Cleaning Works." They are lo-
cated on West Main street and their
phone is 999.

Means big savings to you on
ladies' suits, dresses, waists. Look
everywhere then visit our shop. Best
results await you. Pelter's Fashion
shop, Ada, Okla. 6-9-1td.

Seek for Meteor

OKLAHOMA CITY, June 9.—In
various parts of central and eastern
Oklahoma surveying parties today
were looking for a meteor that
flashed out of the heavens about
nine o'clock last night, leaving a
trail of greenish light that was vis-
ible for a few seconds in Arkansas,
Kansas and Oklahoma. From many
cities came the report that a ce-
lestial body had fallen in their im-
mediate vicinity. The place where
it fell, if it did reach the earth,
apparently is near Okmulgee.
